Representative Tom Brinkman, Chairman
Commerce and Labor Committee
Ohio House of Representatives
3215 Hardisty Avenue
Cincinnati, OH 45208

Dear Chairman Brinkman and Members of the Commerce and Labor Committee:

This letter is to urge you to support HB 230 which limits the use of ultraviolet light on the bodies of 18 year olds and younger. I am sure that you have received all the technical reasons from doctors so I won't repeat all that.

As an adult I am now enjoying skin cancer because of my bad judgment in my teens. Please help me in preventing this to happen to my grandchildren. The tanning industry plays on the insecurity of our teens and you have to provide a checkmate to help offset future damage. Thank you!

Sincerely:
