Representative Tom Brinkman, Chairman
Commerce and Labor Committee
Ohio House of Representatives
3215 Hardisty Avenue
Cincinnati, OH 45208

Dear Chairman Brinkman and Members of the Commerce and Labor Committee:

Re: Prohibiting the Sale of Harmful Ultraviolet Radiation to Minors. House Bill 230.

I am writing in strong support of House Bill 230. Please lend your considerable influence to the passage of this Bill in support of our children.

We have laws restricting our children's consumption of tobacco, alcohol and drugs. We also restrict their driving privileges, work privileges, decisions of dropping out of school and entering Military Services, etc.

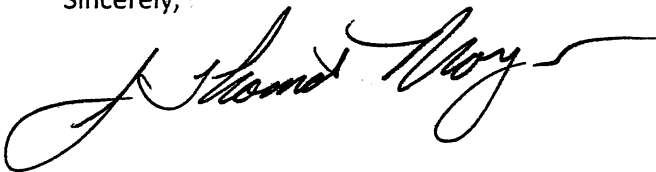

The list of activities for which there are consequences, sometimes serious consequences, often unseen by our young person's is nearly end-less. The door to this serious consequence should be closed, and closed quickly.

Among the numerous cautions and dangers our youngsters will face through their informative journey, we can, with your help and involvement, easily and quickly rectify this one. Let's give them a chance to become grandparents.

Please vote for House Bill 230 and promote children's health and safety and reduce their future cost of health care.

Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Thomas Morgan", with a long, sweeping flourish extending to the right.
